

# Manufacturing Tech – Wood Shop

## Supply List

**NOTE:** Due to COVID 19 we will no longer be using shared classroom items!

- All students will be given a folder in class to keep all assignments and papers. This will be their designated Wood Shop folder which they will need to keep with them each day.

- Students will also be given protective goggles which will be stored in a shop locker and disposable gloves when needed.

- Students should also bring the following items

- Pens
- Pencils
- Small Pencil Sharpener
- Markers
- Colored Pencils
- Scissors
- Glue Stick
- Ruler
- Scotch Tape
- Ear Buds – inexpensive ones please

\*These items can be stored in a Ziploc bag, pencil box or any other organizational tote and carried in student's backpacks for use in other classes as well.

Many of these items are the same items that the 7<sup>th</sup> and 8<sup>th</sup> grade teams are asking you to bring to school for their supplies. I just wanted you to know that we will be using them in the elective class too. I do have some of these items in class that are from past years that are used and can hand out them out until they are gone. But I do not have any ear buds in class.
