

# Daily Symptom Checker

## Back-to-School Morning Routine

Brushed teeth? Combed hair? Temperature taken? Check, check, and check! As we head back to school, we are taking extra precautions to prevent the spread of COVID-19 and are asking families to add daily temperature checks to their morning routines.

**Keep children home when they have any of the following symptoms:**

- Fever (temp. of 100.4 or higher)
- Cough
- Shortness of breath or difficulty breathing
- Muscle or body aches
- Decreased sense of taste or smell
- Sore throat

**If your child is sick**

**CALL A MEDICAL CENTER OR PROFESSIONAL.  
NOTIFY THE SCHOOL'S ATTENDANCE SECRETARY.**

**CANYONS**  
SCHOOL DISTRICT

# Canyons' Commitment To Clean

## The 'New Normal' Starts Now

Our COVID-19 Back-to-School Action Plan calls for all schools and buses to be cleaned throughout the day with hospital-grade sanitizers and disinfectants. Canyons will supply hand sanitizers, soap, and other Personal Protective Equipment, such as Plexiglas in high-traffic areas, and face shields and masks for employees. Physical distancing will be implemented when feasible, limited visitors to buildings will undergo temperature checks, those displaying symptoms will be asked not to enter CSD buildings, and students will be trained on proper hygiene. Also, additional school nurses will be provided to Canyons District facilities for medical support. These are just a few more ways that Canyons District is building and maintaining safe, welcoming, and prepared schools.
