There are three components to the Viking Scholar Vocal Music Portfolio:

- A one-page, double-spaced, typed response to the following prompt:
  - What is your name, age, grade, and a short introduction about yourself? Why is music important to you? How has music shaped you as a person? In what ways do you use your music skills at your school or in the community? What role do you anticipate music playing in your life in the future? Why do you feel you would make a great Viking Scholar in vocal music?

- A copy of the sheet music that you will perform in the interview round. Please carefully read the text below about the style of music required in the Viking Scholar competition. Please ask Mrs. Mosyjowski any clarifying questions.

- These both should be put together neatly in a professional manner, such as a binder labeled with your name and “Viking Scholar Application”, a professional folder, etc. Students are welcome to include a headshot photo and resume of music experience, but it is not required.
Vocal music students applying for the Viking Scholar in Vocal Music must prepare a classical style vocal piece. This includes art songs, arias, classical jazz, some folk songs, and vocal contest music songs. Music genres of pop, indie, rap, country, alternative, or contemporary musical theater are not permitted for this scholarship. Students must provide their own accompanist or a clear and easily accessible accompaniment recording in the correct key. Foreign language pieces are welcome. Here is a list of appropriate songs: Viking Scholar Song List Suggestions

Vocal music applicants will also be asked to perform a short sight singing exercise to show their musical knowledge and ability to read and perform music quickly. There will also be a short rhythm exercise that the student will be asked to speak and clap to check for rhythmic accuracy.

The solo performances will be judged in the areas of tone quality, intonation, rhythm and tempo, technique, musicality, appropriate literature, and professional appearance. Students should come to the performance dressed professionally with their sheet music, piano accompanist and/or be able to search an easily accessible piano accompaniment link to use during the performance.

The rubric on the following page will be used to assess the solo performances.
