6. School Safety

Angela

- a. The Utah Legislature, through HB213, has asked School Community Councils to engage with school administrators in addressing school safety and digital citizenship.
- b. The school is working on appointing a Digital Citizenship Faculty Member that will join us at our next meeting
- c. Brooke reported on school drills and stated that an evacuation drill happened recently. One observation was that it took a long time for the students to leave the school because there are so many students. They have now rerouted how students leave the green hall and red hall. Brooke feels this will make the exiting of all students happen more quickly.
- d. Brooke reported the school plans to work with PTSA to help provide Safety Kits for all classrooms in case of a lockdown.
- e. Jennie asked Brooke what the biggest safety concern is from administrative viewpoint. Brooke stated that other schools have cameras to show IDs before entering the front office. She would like to see improved safety for people walking into the front office. Brooke also mentioned that we have a lot of students that have late start and/or leave early. Brooke would like all students to go in and out of the front door and not use side doors. Other students are letting students back into the school. Brooke wants to make sure that students are not propping doors open. SRO and Custodian are checking the perimeter of the building every period. Brooke also mentioned concerns regarding parking lot safety and ebikes/scooters.
- f. Angela stated that our Safety Plan can reflect any of the following areas and asked SCC members to think about what safety concerns we should be addressing on our Safety Plan:

Nancy mentioned she has talked to AI at the district and asked if teachers are being trained by the district. Angela stated that this training has not come to Draper Park yet. Nancy reported that her student was blamed for using AI when he did not use it. She does not want her student to be blamed for something he did not learn. Nancy requested that parents are educated regarding Magic School and how teachers are using it in their classroom.

All members need to attend an SCC Training. First training happened yesterday. If you did not attend this meeting, please plan to attend the next and last SCC Training October 7 at 10:00 or 6:00 p.m. at the district office building.
